

2018-2019 School Field Trips

All field trips are suitable for any size group (20-120) and can be customized based on your needs. Don't see a topic you want? Work with our ARTitorium Education Specialist to make a custom field trip.

Kindergarten • Color Monsters

Students will observe primary colors being mixed to make secondary colors in a fun story, then have the opportunity to mix their own colors.

1st Grade • Elements of Art Monsters!

We will learn about lines, shapes, colors, and value while we make crazy monsters. We may see some famous artworks along the way.

2nd Grade • Art Games

We will look at famous artworks that show kids playing, make our own drawings of kids playing, then finish by playing some fun art drawing games.

3rd Grade • Giraffes

We will look at all kinds of giraffe pictures to find out what makes a giraffe look like a giraffe, then make our own abstract giraffe. We will talk about pattern in art as we add interest to our giraffe artwork.

4th Grade • Illuminated Manuscripts

We will look at old illuminated manuscripts and talk about why they took so long to make. Then we will spend some time making our own illuminated manuscript using a modern day saying.

5th and 6th Grades • Pop Art

From Andy Warhol's soup cans to Roy Lichtenstein's comics, we will look at pop art then use bright colors to make colorful pop art of our own.

Any Grade 3rd and Up • Cartoons!

We will learn about how a panel cartoon works, develop a character, and then make our own story using the character.

Many of our old favorites are still available (See our website for complete list):

All ages • Insects and Symmetry

Any Grade 4th and Up • Ships in a Storm
